

CHRISTOPHER LIBARDO

(647) 545 0132 | calibard@edu.uwaterloo.ca | Christopher-Libardo.github.io

SUMMARY OF QUALIFICATIONS

- Experienced with creating web applications using **HTML** and **CSS**
- Proficient in **Adobe Photoshop, SQL, Java, Microsoft Word, Excel** and **PowerPoint**
- Ability to multi-task under pressure and possess strong public speaking, communication, and team work skills

EXPERIENCE

Food Prep, *UW Food Services*, Waterloo, ON.

Sept 2017 - Present

- Ability to multi-task under pressure through working at different stations and restocking on cooked meals during dinner rushes to reduce wait times
- Mentored new team members to learn different food stations and boosted their work efficiency during busy hours in order to be more versatile and productive

Pizza and Pantry Cook, *Snug Harbour Restaurant*, Port Credit, ON.

July 2016 – Sept 2016

- Enhanced leadership skills by instructing and motivating team members to learn required recipes through repetition and hands-on experience in order to increase efficiency and productivity
- Ensured orders were produced at a high quality by incorporating proper cooking times, plating techniques, and confirming with team members that orders passed high quality standards

Crew Member, *McDonald's Corporation*, Mississauga, ON.

July 2016 – Sept 2016

- Resolved customers' concerns through good eye contact, offering viable solutions, and use different tones of voice to result in a positive restaurant experience
- Amplified work efficiency through multi-tasking on drive-thru and upfront at cash during meal rushes to accommodate over 15 orders per hour

PROJECTS

Christopher-Libardo.github.io

- Designed a personal website from scratch using **HTML**, **CSS**, and **GitHub** to exhibit my progress on web development and present my interests
