- Development tools and software: **Chrome Developer Tools, Adobe Photoshop,** and **Microsoft Office, Excel,** and **PowerPoint**
- Exceptional organizational, problem solving, communication, and teamwork skills

Experience

Food Prep, *UW Food Services*, Waterloo, ON.   Sept 2017 – Present
- Exceeded work expectations by working efficiently and collaborating with team members to meet high demand while experiencing high foot traffic in the eatery
- Developed interpersonal skills with colleagues through active listening to strengthen team dynamics

Pizza and Pantry Cook, *Snug Harbour Restaurant*, Port Credit, ON.   July 2016 – Sept 2016
- Enhanced leadership skills by instructing and motivating team members to learn required recipes through repetition and hands-on experience to increase productivity
- Sharpened attention to detail by producing high quality meals using proper cooking times, plating techniques, and memorizing recipes in a high-pressured environment

Crew Member, *McDonald's Corporation*, Mississauga, ON.   Oct 2014 – Aug 2015
- Resolved customers' concerns through good eye contact, used different tones of voice, and offering viable solutions to result in a positive restaurant experience
- Ability to thrive in a fast-paced environment through multi-tasking on drive-thru and upfront at cash to accommodate over 15 orders per hour

Projects

Christopher-Libardo.github.io   June 2017 – Present
- Designed a personal website using **HTML, CSS, Chrome Developer Tools, Adobe Photoshop,** and **GitHub**
